PROJECTS

Github	github.com/cchen9299
Portfolio	www.HankChen.us

Doodle Thoughts
Full Stack Project | April 2017 - Present
- Designed and developed a personal blog with the idea of mix between Reddit and Kickstarter to document product ideas. Ultimate goal is to develop it into a public platform.

BlocJam
Bloc Full Stack Project | Jan 2017 - May 2017
- Built an alternative version of Spotify using Jquery, JavaScript, HTML and CSS

Paycrave
Bloc Design Project | December 2016
- Designed an Android mobile application for finding food trucks and ordering food

BlocStarter
Bloc Design Project | Nov 2016
- Created a web application for people to crowd-fund donations for charities and foundations

BlocBox
Bloc Full Stack Project | Oct 2016 - Nov 2016
- Designed and developed dash board and home page to a cloud storage webpage with JavaScript, HTML and CSS
